Legal Description: Unit / Lot / Block / Plan or Quarter / Section / Township / Range / Meridian		

NOTE:

Typically, the purchaser and/or a financial institution, due to a real estate transaction, requests the property owner/seller to provide them with a compliance certificate issued by the City. Although the City has no legal obligation to issue compliance letters, it does so as a public service subject to the requirement of an application fee and submission of a real property report. A Real Property Report, prepared by an Alberta Land Surveyor, is required to determine whether the property complies with City of Spruce Grove Land Use Bylaw. This review does not include the requirements of the Alberta Safety Codes Act, any federal, provincial or municipal legislation or to the terms or conditions of any easement, covenant, building scheme or other document affecting the building(s) or land.

The City will review the Real Property Report to determine whether or not the improvements shown on the Report meet the requirements of the Land Use Bylaw. A stamp of Compliance will be given if all Land Use Bylaw requirements are met. If there are non-complying, non-conforming structures, the City is aware of, a letter will be provided outlining the issue(s).
 The City realizes that Compliances may hold up land transactions, and therefore, tries to provide prompt service.

Disclaimer: Safety codes and Lot grading summary review are not included within the Compliance review.
